SUMMARY with links to the report in EBI:

The <u>Business Officer Performance Management Dashboard</u> provides a collection of reports designed to give a business officer indications of performance and the ability to proactively manage finances based on trends and a variety of performance indicators. With an enterprise to individual approach, pages within this dashboard can be run at a high level summary view across the enterprise, while also allowing the ability to drill all the way to line item information.

Dashboard Page 1: All Funds - Fund Balance Trend

Provides a consolidated view of funds available by fund category and fund group with 5 year trends, according to the prompt values selected. This will allow users to see the distribution of available resources across all fund codes to observe trends, manage spending and ensure that resources are optimally utilized both within and across fund categories. Fund categories include Agency Funds, Designated Budgets, Endowments and Trust Funds, Restricted, Unrestricted, and Sponsored Funds. Both graphical and table views should be included with the ability to drill to an accounting period level detail.

Dashboard Page 2: Operating Activity Trend

The purpose of this report is to combine activity data found on the All Funds Position report with balances found on the All Funds Fund Balance report to make it easier for CBOs and others to have a complete picture of their finances. This report gives a view across multiple years and growth rates and allows users to drill down into numbers that are questionable.

Dashboard Page 3: Sponsored Research Portfolio

The Sponsored Research Portfolio provides one dashboard that allows the user to see all pertinent information related to awards for the prompt values selected. This dashboard page will provide a number of high level performance tiles that will give the user highly visible, easy to understand data related to end dates, number of employees paid on awards, awards with low balances, deficits, proposals pending, and delinquent effort certifications. Each of these performance tiles will drill to the supporting details for further investigation. In addition, the dashboard will contain several visualizations related to proposal and award data, sponsored research spending, and F&A rates.

Dashboard Page 4: F&A Recovery

The purpose of the F&A Recovery page on the Business Officer Performance Management Dashboard is to allow the user the ability to see the amount of F&A recovered from sponsored projects and the Operating Unit, Division and Department to which the recovered funds were credited. The report offers views of this data by Operating Unit/Division/Department, Award PI, Award/Project, PI/Fiscal Year Summary, and PI/Fiscal Year Detail, or Fiscal Year by Accounting Period.

Dashboard Page 5: Award Snapshot

The Award Snapshot page of the Business Officer's Performance Management Dashboard provides a consolidated view of an award with its respective projects according to the prompt values selected. This will allow users to see PI, Sponsor, and chartfield information as well as available balance and employees paid from that award with their corresponding roles. Only table views are needed to display the data.

Dashboard Page 6: Sponsor Statistics

The Sponsor Statistics page of the Business Officer's Performance Management Dashboard provides a consolidated view of top sponsors and Principle Investigators by Award amounts according to the prompt values selected. This will allow users to see the largest sources of funding and the PIs who manage those awards. Both graphical and table views should be included.

DETAILED DESCRIPTIONS ARE AVAILABLE BELOW FOR EACH PAGE

Dashboard Page 1: All Funds - Fund Balance Trend

Provides a consolidated view of funds available by fund category and fund group with 5 year trends, according to the prompt values selected. This will allow users to see the distribution of available resources across all fund codes to observe trends, manage spending and ensure that resources are optimally utilized both within and across fund categories. Fund categories include Agency Funds, Designated Budgets, Endowments and Trust Funds, Restricted, Unrestricted, and Sponsored Funds. Both graphical and table views should be included with the ability to drill to an accounting period level detail.

Dashboard Page 4: <u>F&A Recovery</u>

The purpose of the F&A Recovery page on the Business Officer Performance Management Dashboard is to allow the user the ability to see the amount of F&A recovered from sponsored projects and the Operating Unit, Division and Department to which the recovered funds were credited. The report offers views of this data by Operating Unit/Division/Department, Award PI, Award/Project, PI/Fiscal Year Summary, and PI/Fiscal Year Detail, or Fiscal Year by Accounting Period.

Trees Used in Report

Department Tree: DEPTDIST

Prompts

* F&A Recharge Pattern Fiscal Year 2010 -> As of Date Single Fiscal Year w/Periods	First select a multiple fiscal year view summary or a single fiscal year with periods. This will determine the layout of the report itself as well as the prompt section that follows.
As of Date	
<= 20	As of Date defaults to today's date but can be overridden as desired.
Fund Group	
Sponsored Projects	Fund Group is set to Sponsored Projects and cannot be changed.
Business Unit	
(All Column Values)	
Operating Unit	
(All Column Values)	
RAS Unit	
(All Column Values)	A particular RAS Unit can be selected.
Division	
(All Column Values)	Division is Level 6 of the DEPTDIST Tree.
Department	
(All Column Values)	
Award Principal Investigator	
(All Column Values)	This is the Award PI and will not filter for instances where the PI is
Award	assigned at the Project level.
(All Column Values)	
Project	
(All Column Values)	
Number of Years to Display on Trends	
5	This prompt does not apply to this page
Include Supporting Data Tables	This prompt does not apply to this page
✓ 'Yes'	This prompt does not apply to this page.

 F&A Recharge Pattern Fiscal Year 2010 -> As of Date Single Fiscal Year w/Periods 	
* Fiscal Year	
2016	Change the fiscal year as desired.
Fund Group	
Sponsored Projects	Fund Group is set to Sponsored Projects and cannot be changed.
Business Unit	
(All Column Values)	
Operating Unit	
(All Column Values)	
RAS Unit	
(All Column Values)	A particular RAS Unit can be selected.
Division	Division is Level 6 of the DEPTDIST Tree

Dashboard Page 5: Award Snapshot

The Award Snapshot page of the Business Officer's Performance Management Dashboard provides a consolidated view of an award with its respective projects according to the prompt values selected. This will allow users to see PI, Sponsor, and chartfield information as well as available balance and employees paid from that award with their corresponding roles. Only table views are needed to display the data.

Dashboard Page 6: Sponsor Statistics

The Sponsor Statistics page of the Business Officer's Performance Management Dashboard provides a consolidated view of top sponsors and Principle Investigators by Award amounts according to the prompt values selected. This will allow users to see the largest sources of funding and the PIs who manage those awards. Both graphical and table views are included.

A sponsor or PI in the top left quadrant would have a high award count but a lower average award amount whereas those in the bottom right quadrant would have fewer awards but a higher average award amount. The top right quadrant may reflect the greatest yield with the highest number of awards and highest average amounts but the lower right quadrant may reflect a higher yield with less administrative effort.

The tables below the graphs will provide a ranking of sponsors and PIs based on the Top N prompt value selected. The default is ten but can be entered as 9999 to reveal all column values.
